A. TSP 5.0 /GiveWin 2.30 – Installation Guide for Windows XP, Vista, 7 (non 64 bit)

These instructions apply to installing TSP 5.0/Givewin2 under Windows on a non-64 bit system. If you have a 64 bit system please see part Installation Guide B. Below.

1. Start the file “install.exe“.
2. Within the installer you have the choice between three different programs. First, select TSP by clicking on the Button “Install stand-alone TSP”. You then have to enter the serial number [Code 1 – will be presented in the lecture].
3. Next, install GiveWin by clicking the button “Install GiveWin”. For this installation the GiveWin License Code is needed [Code 2 – will be presented in the lecture].
4. Finally, TSP for GiveWin should be installed. To do so, click the button “Install TSP for GiveWin”. You will be asked for the GiveWin License Code again.
5. Copy the files from the folder “Patch” on the CD to your TSP installation folder (usually “C:\Program files\TSP 5.0” or “C:\Programme\TSP 5.0”). Answer the question concerning overwriting of data with “yes”.

You can run TSP by clicking on the GiveWin2 icon on the desktop, and then opening or creating a .TSP file.

B. TSP 5.0 /GiveWin 2.30 – Installation Guide for Windows Vista, 7 (64 bit)

These instructions apply to installing TSP 5.0/Givewin2 under Microsoft Vista or Windows 7 on a 64 bit computers.

1. Start the file “install.exe“.
2. Within the installer you have the choice between three different programs. “Install stand-alone TSP” and “Install TSP for GiveWin” will not work on 64 bit machines. Skip to Step 3.
3. Install GiveWin by clicking the button “Install GiveWin”. For this installation the GiveWin License Code is needed [Code 2 – will be presented in the lecture].
4. Copy the folder “TSP 5.0“ from the folder “TSP 5.0 Program files for x64” to your local PCs Program files folder (usually “C:\Program files (x86)\” or “C:\Programme (x86)\”)
5. Run “Tsp2Gw2.exe” in your TSP 5.0 folder (usually “C:\Program files (x86)\TSP 5.0\” or “C:\Programme (x86)\TSP 5.0\”) to complete the installation.

You can run TSP by clicking on the GiveWin2 icon on the desktop, and then opening or creating a .TSP file.

Attention:

If you want to use TSP for GiveWin 5.0 with a different user besides the one that installed TSP:

1. Run “Tsp2Gw2.exe” in your TSP 5.0 folder (usually “C:\Program files\TSP 5.0\” or “C:\Programme\TSP 5.0\” on 64-bit systems usually “C:\Program files (x86)\TSP 5.0\” or “C:\Programme (x86)\TSP 5.0\”) when using it for the first time.
